ery. We care for mildly ill children, ages 3 and up, who are enrolled with Child Nursery Centers and the Home Network.

Our foremost goal in the Get Well Center is the safety and well-being of our little patients, while giving parents the opportunity to work or go to school without interruption.

CNC's Get Well Center is staffed with one full-time nurse and one health liaison. Both professionals are experienced in caring for children and catering to the specific needs of little patients. We invite you to visit us, and our unique and comforting atmosphere.

The Get Well Center is located on the third floor of the Historic Day Nurs-

We have plenty of games, books, toys and movies, so that in between resting times, the children will find many fun things to do.

CNC's Get Well Center staff also provides referrals for primary care physicians and dental providers, as well as low cost options for health care insurance. Please, call us for an appointment.
